WERE MARRIED TWICE

Two Ceremonies Required to Unite a Chester Couple.

THE SQUIRE MADE A MISTAKE

He Believed He Had the Power to Tie the Pair Together For Life, but When It Was Questioned Decided to Be on the Safe Side—The Error Discovered.

Married or not married? That is the question with which Squire Newell, of Chester, is wrestling. It all happened Thursday night, and the story is best told by an eye witness to the affair.

In the early part of the week Charles Abrams went to New Cumberland and secured a license to marry Miss Rosie McBee, a well known young lady. While there Mr. Abrams asked if a justice of the peace could perform the ceremony. He was told that it would be satisfactory if he would secure one. Coming back to Chester the young man hunted up Squire Newell, and asked to unite them. After due consideration of the matter, he gave his consent. The time arrived Thursday night, and it seemed that everything was going to come off as scheduled. The invited guests assembled at the residence of the bride, and the ceremony was commenced.

After the solemn words had been pronounced by the squire, an elaborate spread was the next event. Shortly before the guests had finished their meal, Bob Cunningham, a former county commissioner, asked the squire if he had the power to perform a marriage, and if so where was his license. This put the gentleman to thinking, and after some thought, declared the marriage void, as he did not possess a license to marry any one in West Virginia. Everything was excitement. The squire hastened to this city to secure Rev. Dr. Taggart, as he is the only local preacher who possesses a West Virginia license. The reverend was not to be found. When the squire returned, things had quieted down to some degree. The contracting parties in the meantime made arrangements to go through the scene again. Yesterday a New Cumberland pastor was secured, who last night made the once married couple man and wife again. The squire was not present at the last one, and is said to have taken an oath that he would never attend another wedding.

ADMITTED MEMBERS.

A Long List Accepted at the Association Meeting.

The membership meeting of the Young Men's Christian association last evening was largely attended, and 102 new members were voted in. A proposition to amend two sections of the constitution was received. They were to change the fiscal year from Oct. 1, as it now is, to Jan. 1, and to make the minimum age for senior members 16 years, instead of 15. The amendments will be voted on at the next regular meeting. After the meeting adjourned, the directors transacted regular business. It was decided to send Secretary Charles to the international meeting at Mobile, Ala., and secretaries' convention at Selma, Ala. He will leave next week, and will go by boat to Ashland, Ky., and take the train there for Cincinnati. The Ohio delegates will occupy a special car. They will be absent 10 days.

DIED IN HER CHAIR.

Mrs. Rebecca J. Allen Suddenly Passed Away.

News reached the city this morning that Mrs. Rebecca J. Allen, wife of Captain Joseph Allen had died last midnight at her home in Industry. The lady was well as usual during the day, but after retiring felt ill. She asked her husband to get up, and then she arose and walked to a chair, saying that she felt as though she was smothering. Within a few minutes she was dead. Mrs. Allen was the mother of Mrs. Will H. Surles, of this city, and was 78 years old. The funeral will take place next Monday, services being held at the late residence at 12 o'clock and at Bethlehem church at 1 o'clock. Friends of the family are invited to attend.

THEY BECOME TRAVELERS

When They Fall as Retail Dealers in Crockery.

"While every one knows there are any number of successful crockery salesmen who have never been in the retail business, it is nevertheless true that a great many men who sell ware have tried business for themselves and proved failures," said a well known resident who is closely in touch with the potting trade. "I could name you any number of salesmen who are making more than

a good living on the road, but who could not earn much more than their salt while in their own stores. They seem to have the faculty of selling ware to dealers where they could not sell it to consumers."

ADMIRE ENTERPRISE.

Words of Encouragement From a Live Business Man.

"Say, there, NEWS REVIEW," said one of the best known and most prosperous business men of East Liverpool last evening, accosting a representative of this paper, "allow me to congratulate you on your enterprise in putting out a supplement today, and thus giving your readers all the news going. Friday is evidently a rusher for you, and you should not be caught napping, as you were last week, when you had twenty-three columns of advertising and but five columns of reading matter. The supplement gives you room for everything, old man, and keeps your readers from saying great big swear words. Your advertisements are set up in good taste and nicely displayed, and your work on my ad is all that I can ask for. Keep abreast of the times, as you have in days gone by, and East Liverpool merchants will stand by you all the way through."

Kind words are indeed a power, and we thanked the business man in question, as we do all of our patrons, and the public in general, especially those who have made it possible for the NEWS REVIEW management to create a newspaper and job plant in which East Liverpool can take just pride. We shall make it our aim to deserve the good opinion of our citizens.

REMEMBERED THE SURRENDER.

Grand Army Boys Celebrated the Great Event.

A large number of Grand Army men with their wives and families, celebrated the surrender of General Lee in a pleasant manner last evening. Their hall in the Thompson building was crowded when Hon. A. H. McCoy, commander of General Lyon post, called the assembly to order. Addresses, patriotic and interesting, were made by Prof. O. S. Reed, Rev. S. B. Salmon, Mrs. M. E. Calhoun and Mr. McCoy, and Miss Beal recited a poem written by a Pennsylvania lady, with a spirit which the audience much appreciated. Mrs. O. S. Reed sang very well, and the music discoursed by the mandolin club was that organization's best effort. Lunch was served at the completion of the program, and the remainder of the evening was spent as only the Grand Army boys can spend it.

A NAIL IN HIS SHOE

Severely Wounded the Foot of a Well Known Man.

A well known resident of the city had an experience with new shoes that he is not at all anxious to have repeated. He tried one shoe at the store, and finding it all right bought the pair. The next morning he put on the shoes, and finding something in one started to take it off. That same instant he knew a nail had pierced his toe for half an inch, and it was so located that continued pulling only meant the nail would be forced farther into the flesh. He was in a quandary, but an ingenious arrangement suggested itself to him, and the foot was released, but he still has a very sore toe.

SERMONS ON LABOR.

All the Ministers Will Preach at the Request of Trades Council.

At the recent state convention of trades assemblies a resolution was adopted by the body wherein all the local associations were to request the ministers on the first Sunday in May to deliver sermons on labor. E. W. Hill, Thomas Hodge and C. W. Brownfield, the committee appointed by the local council, last evening called on a number of the ministers of the city, and made their wishes known. In every instance they met with a hearty response from the pastors, and it is probable that, beginning this year, the day will be observed annually.

Had Relatives Here.

James Thorley, of Island Creek township, died Wednesday, aged 85 years, and the interment took place today at Center chapel. His wife and four children survive: James and Esther at home; George, of East Liverpool, and Mrs. Joseph Ault, of Wellsville.—Steubenville Gazette.

Will Be Married.

A prominent street car motorman is visiting friends in Toronto, and his brother motormen claim when he returns, he will be accompanied by a bride.

PEACH IS PRESIDENT

That's What the Knowing Ones Are Saying,

BUT COUNCILMEN DON'T TALK

They Acknowledge the Caucus Last Night Attained the Object For Which It Was Called—The Heads of Committees Not All Selected.

There are some people in town today who would like very much to know who was chosen president of council at the little meeting held in the fire station last night, but the members of council agreed not to say a word about it, and it really seems as though they were keeping their word very well.

The caucus lasted so long that there is more than a suspicion of claims and counter claims resulting in more or less friction, but by no means of a serious nature. Upon the chairmen of some committees there seems to have been something of a division, and the matter was not adjusted before the hour for adjournment arrived. It is generally understood that George Peach, the new member from the Third, who has been in council before and knows a thing or two about public business, was chosen president. As Doctor Marshall and Councilman Stewart were also mentioned in connection with the position there are those who interest themselves in municipal politics to believe that some important chairmanships will go to them, and that Stewart will be at the head of street committee. The councilmen give as their reason for keeping the business of the meeting from the public that all committee chairmen were not selected last night.

FAIR WARNING.

Citizens' League Sound a Note of Warning.

To the PUBLIC:—We are not petty grumblers, nor are we intermittent kickers. We represent a band of conservative citizens, determined to exercise the right given us by law. A certain class of men in this city are constantly violating the laws and ordinances which have been made for the purpose of subserving good morals and good conduct in the municipality, and we have determined that such violations shall cease, refusal to meet with the heaviest penalties which can be imposed. This is not mere talk. We mean business and believe that we are able to do what we say, always keeping within the bounds of justice. Official "WINKERS AT EVIL" will also receive our careful attention. We are not innocent and unsophisticated hayseeds, nor verdant school boys. We have had ripe experience in political life, and feel confident that we know the proper modus operandi of bringing to book those officials who wink at crime and illegality, paying no attention to the sacred oath of office they have taken. This is fair warning. It is No. 1. CITIZENS' LEAGUE.

PREPARING FOR CAMP.

Fishing Clubs Will Be More Numerous Than Ever.

Although the camping season is months away, many persons in the city are already preparing for their summer outing. All the notable clubs have maintained their organization, and will find some suitable spot where they will spend the heated term. In addition, there will be any number of clubs of less importance, provided the vacation season in the potteries will last the usual time. Several of the last-named class are already searching for sites.

THE COLONEL IS WELL.

He is Making Money in Far-Away Mexico.

M. A. Able, a crockery salesman who travels extensively in Mexico, was in the city today on business. The gentleman has a pleasant acquaintance with Col. Tobe Blumenthal, and that well-known traveler's friends will be pleased to learn that he is doing well in Mexico, where he is representing several large American manufacturing concerns. He has a good trade among the Mexicans, and when not on the road knows how to enjoy the capital city.

WATCHING THE LAW.

Pennsylvania Legislators Expect to Make Some Changes.

Local fishermen are watching with interest the proposed changes in the Pennsylvania game laws since they anticipate that they will have some effect upon their sport so far as fishing in the

Little Beaver is concerned. One well known fisherman said they need not worry, as only about a mile and a half of the stream is in that state, and they seldom fish so near the Ohio.

GOOD WORDS FOR CAREY.

Sporting Life Thinks He Is Wanted In Milwaukee.

The Milwaukee correspondent of Sporting Life has the following to say of George Carey.

"The management by signing Carey, provided of course that he can be secured from Philadelphia, would make a move which would make them immensely popular with the fans. With Carey on the team the increase in attendance would without a doubt be enough to pay his salary for one season. It is known for a certainty that Carey would like to play in Milwaukee, and no man ever wore a Milwaukee uniform who was and is today as popular among the patrons of the game here than Carey is."

THAT'S NICE.

But Some People Wonder How Well It Will Work.

The Washington correspondent of the Toledo Blade discusses the Ohio situation as it is observed in the capital, and, among other things while touching on the aspirations of Governor Bushnell, says:

"One Ohio politician here gives it out as a fact that Senator Williams, of Stark county, entered into a written agreement to turn over to Governor Bushnell the legislative votes of Stark and Columbiana counties in return for a certain appointment for one of his friends; and it is stated with equal emphasis that the Stark county senator will be unable to deliver the goods."

A BIG BAR LIST.

Almost Two Thousand Cases For the April Term.

LISBON, April 10.—[Special.]—Josiah Rohrbach was this morning qualified as executor of the estate of Nancy Cook, of Columbiana. He gave \$10,000 bond.

The new bar list for the April term of court contains 1,961 civil cases and 29 of a criminal nature.

A marriage license was issued today to A. Campbell and Mary Dyke.

The time has expired in which an appeal can be made in the case of J. H. Simms against the commissioners. They are preparing to pay the judgment of \$900 next Monday.

PRESBYTERIAN MEETINGS.

They Are Scheduled For This City Early Next Week.

The presbytery of Steubenville will meet in the First U. P. church in this city next Monday evening. The opening sermon will be delivered by Rev. J. G. Madge, of Carrollton. There is no particular business before the presbytery.

The United Presbyterian Ministerial association of the Ohio valley is scheduled to meet in the First church here on Monday afternoon at 1:30 o'clock. The membership of the association is large, and an interesting session is expected. A large number of ministers of the denomination will be here early next week.

ONLY A FAMILY FIGHT.

But It Aroused Much Interest in the West End.

A drunken husband and a sobbing wife attracted some attention in the West End last night. They had been quarreling, and the man struck his wife in the face, but she made no effort to retaliate. A neighbor wanted to call the police, but she declared she would make no charge if her husband was arrested, and the matter was allowed to rest. There are people in that part of town who believe the case should have been prosecuted.

WATCHMAN OR GATES

Are Wanted by East End People, Instead of the Bell.

The citizens of East End are still hoping that some day the railroad will take compassion on them and put either a watchman or gates at the crossing. Last evening one said: "Quite often the bell is out of order, and Thursday it didn't work at all. The street cars are depending on this bell, and if a train should happen along when a car is crossing, you can imagine what the result would be. We would like to see the watchman, and hope for the best."

Richard Gardner's Funeral.

The funeral of the late Richard Gardner will take place tomorrow afternoon at 2 o'clock from St. Stephen's church, Rev. Charles O'Meara, officiating. Interment will be made in Riverview. The Masons, Phoenix club and Mystic Circle will be in attendance.

Dan Voorhees Is Dead.

WASHINGTON, April 10.—[Special.]—Ex-Senator Daniel W. Voorhees died here this morning after a long illness.

THE GRAND TO BE SOLD

Wellsville and Butler Men Would Lease.

HOTEL COMPANY AFTER IT

They Think the Price Placed on His Property by Landlord Stewart Is Far Too High, but He Will Not Come Down—Prospects For a Big Deal.

It is almost an assured fact that the Hotel Grand will change hands. In speaking of the proposed deal last night Landlord Stewart said: "Yes, I have had three different people here this week after the house. Two of these, W. J. Campbell, of Butler and Landlord Fuller, of Wellsville, are anxious to secure a lease on the building. I will not lease the house under any circumstances unless the goods are included. It seems as if these men desire to remodel the building and refurnish it. If these men want the house let them take the house as it now is. Although Mr. Campbell furnished first class recommendations I would not let him have it. Mr. Fuller is expected to be here next week, but whether he will have a new proposition I cannot say. The company organized among local people were also to see me. They seem to think the price is too high, and want me to lower it, which I absolutely refuse to do. I have built up a good trade, and the business as far as this house is concerned is very good."

"Whether these people take the property or not, I am going to turn it over to my son. I expect to retire from active business life within a short time. I am not anxious to sell it."

What Is He?

The individual who steals gas from an unsophisticated and trusting gas company; who runs his business on Sunday, in defiance of law; who attempts to break into a private room for the purpose of carrying off private property, simply because that room is used as a storage room, and he fondly believes that his villainy will go undetected. What is he? Who is he? Let him repent and make atonement.

Returned the Chickens.

Last evening the NEWS REVIEW published an item that chicken thieves had stolen two very fine bantams from Harry Robbins, of Sheridan avenue. Late in the evening two small boys appeared at his home with the chickens, and said they had bought them from a man last Sunday, but had not yet paid for them, and seeing the item in this paper, returned them to their rightful owner.

Broke Windows.

A number of boys indulged in a game of ball in Third street this morning, and as a result several windows were broken. There is an ordinance against ball playing in the streets, and it would be a good thing if the proper authorities would enforce it.

Filed His Account.

J. C. McClain this morning filed the statement of his election expenses with Clerk Norris. This is the first report the clerk has received, and he will not make them public until they are all in.

After Birds.

There are no less than a dozen swans flying around the river today, and there are no less than twice that number of hunters trying to bring them down by their excellent marksmanship.

Going to Boston.

H. A. Keiffer, of the Dresden, will spend next week in Boston on business. While away his place in the office will be filled by Henry Knoblock, western representative of the concern.

Lucky Sunflowers.

A game of indoor baseball at the Young Men's Christian association between the Sunflowers and the Headlights resulted in victory for the former. The score was 22 to 8.

Going to Lisbon.

The newly elected assessors Monday will go to Lisbon, where they will receive their books and supplies. They will begin at once to make a canvass of the city.

Buried This Afternoon.

The funeral of the 11-months old child of Mr. and Mrs. John Rose took place this afternoon, Doctor Lee officiating. The remains were interred in Riverview cemetery.

Money at the Bottom of It.

George W. Sebers has entered suit before Squire Rose against Isaac Tuel. It is claimed Tuel owes the plaintiff a sum of money and refuses to pay it.

WERE MARRIED TWICE

Two Ceremonies Required to Unite a Chester Couple.

THE SQUIRE MADE A MISTAKE

He Believed He Had the Power to Tie the Pair Together For Life, but When It Was Questioned Decided to Be on the Safe Side—The Error Discovered.

Married or not married? That is the question with which Squire Newell, of Chester, is wrestling. It all happened Thursday night, and the story is best told by an eye witness to the affair.

In the early part of the week Charles Abrams went to New Cumberland and secured a license to marry Miss Rosie McBee, a well known young lady. While there Mr. Abrams asked if a justice of the peace could perform the ceremony. He was told that it would be satisfactory if he would secure one. Coming back to Chester the young man hunted up Squire Newell, and asked to unite them. After due consideration of the matter, he gave his consent. The time arrived Thursday night, and it seemed that everything was going to come off as scheduled. The invited guests assembled at the residence of the bride, and the ceremony was commenced.

After the solemn words had been pronounced by the squire, an elaborate spread was the next event. Shortly before the guests had finished their meal, Bob Cunningham, a former county commissioner, asked the squire if he had the power to perform a marriage, and if so where was his license. This put the gentleman to thinking, and after some thought, declared the marriage void, as he did not possess a license to marry any one in West Virginia. Everything was excitement. The squire hastened to this city to secure Rev. Dr. Taggart, as he is the only local preacher who possesses a West Virginia license. The reverend was not to be found. When the squire returned, things had quieted down to some degree. The contracting parties in the meantime made arrangements to go through the scene again. Yesterday a New Cumberland pastor was secured, who last night made the once married couple man and wife again. The squire was not present at the last one, and is said to have taken an oath that he would never attend another wedding.

ADMITTED MEMBERS.

A Long List Accepted at the Association Meeting.

The membership meeting of the Young Men's Christian association last evening was largely attended, and 102 new members were voted in. A proposition to amend two sections of the constitution was received. They were to change the fiscal year from Oct. 1, as it now is, to Jan. 1, and to make the minimum age for senior members 16 years, instead of 15. The amendments will be voted on at the next regular meeting. After the meeting adjourned, the directors transacted regular business. It was decided to send Secretary Charles to the international meeting at Mobile, Ala., and secretaries' convention at Selma, Ala. He will leave next week, and will go by boat to Ashland, Ky., and take the train there for Cincinnati. The Ohio delegates will occupy a special car. They will be absent 10 days.

DIED IN HER CHAIR.

Mrs. Rebecca J. Allen Suddenly Passed Away.

News reached this city this morning that Mrs. Rebecca J. Allen, wife of Captain Joseph Allen had died last midnight at her home in Industry. The lady was well as usual during the day, but after retiring felt ill. She asked her husband to get up, and then she arose and walked to a chair, saying that she felt as though she was smothering. Within a few minutes she was dead. Mrs. Allen was the mother of Mrs. Will H. Surles, of this city, and was 78 years old. The funeral will take place next Monday, services being held at the late residence at 12 o'clock and at Bethlehem church at 1 o'clock. Friends of the family are invited to attend.

THEY BECOME TRAVELERS

When They Fall as Retail Dealers in Crockery.

"While every one knows there are any number of successful crockery salesmen who have never been in the retail business, it is nevertheless true that a great many men who sell ware have tried business for themselves and proved failures," said a well known resident who is closely in touch with the potting trade. ADMIRE ENTERPRISE.

Words of Encouragement From a Live Business Man.

"Say, there, NEWS REVIEW," said one of the best known and most prosperous business men of East Liverpool last evening, accosting a representative of this paper, "allow me to congratulate you on your enterprise in putting out a supplement today, and thus giving your readers all the news going. Friday is evidently a rusher for you, and you should not be caught napping, as you were last week, when you had twenty-three columns of advertising and but five columns of reading matter. The supplement gives you room for everything, old man, and keeps your readers from saying great big swear words. Your advertisements are set up in good taste and nicely displayed, and your work on my ad is all that I can ask for. Keep abreast of the times, as you have in days gone by, and East Liverpool merchants will stand by you all the way through."

Kind words are indeed a power, and we thanked the business man in question, as we do all of our patrons, and the public in general, especially those who have made it possible for the NEWS REVIEW management to create a newspaper and job plant in which East Liverpool can take just pride. We shall make it our aim to deserve the good opinion of our citizens.

REMEMBERED THE SURRENDER.

Grand Army Boys Celebrated the Great Event.

A large number of Grand Army men with their wives and families, celebrated the surrender of General Lee in a pleasant manner last evening. Their hall in the Thompson building was crowded when Hon. A. Lunch was served at the completion of the program, and the remainder of the evening was spent as only the Grand Army boys can spend it.

A NAIL IN HIS SHOE

Severely Wounded the Foot of a Well Known Man.

A well known resident of the city had an experience with new shoes that he is not at all anxious to have repeated. He tried one shoe at the store, and finding it all right bought the pair. The next morning he put on the shoes, and finding something in one started to take it off. That same instant he knew a nail had pierced his toe for half an inch, and it was so located that continued pulling only meant the nail would be forced farther into the flesh. He was in a quandary, but an ingenious arrangement suggested itself to him, and the foot was released, but he still has a very sore toe.

SERMONS ON LABOR.

All the Ministers Will Preach at the Request of Trades Council.

At the recent state convention of trades assemblies a resolution was adopted by the body wherein all the local associations were to request the ministers on the first Sunday in May to deliver sermons on labor. E. W. Hill, Thomas Hodge and C. W. Brownfield, the committee appointed by the local council, last evening called on a number of the ministers of the city, and made their wishes known. In every instance they met with a hearty response from the pastors, and it is probable that, beginning this year, the day will be observed annually.

Had Relatives Here.

James Thorley, of Island Creek township, died Wednesday, aged 85 years, and the interment took place today at Center chapel. His wife and four children survive: James and Esther at home; George, of East Liverpool, and Mrs. Joseph Ault, of Wellsville.—Steuersville Gazette.

Will Be Married.

As Doctor Marshall and Councilman Stewart were also mentioned in connection with the position there are those who interest themselves in municipal politics to believe that some important chairmanships will go to them, and that Stewart will be at the head of street committee. The councilmen give as their reason for keeping the business of the meeting from the public that all committee chairmen were not selected last night.

He Is Making Money in Far-Away Mexico.

M. A. Able, a crockery salesman who travels extensively in Mexico, was in the city today on business. The gentleman has a pleasant acquaintance with Col. Tobe Blumenthal, and that well-known traveler's friends will be pleased to learn that he is doing well in Mexico, where he is representing several large American manufacturing concerns. He has a good trade among the Mexicans, and when not on the road knows how to enjoy the capital city.

WATCHING THE LAW.

Pennsylvania Legislators Expect to Make Some Changes.

Local fishermen are watching with interest the proposed changes in the Pennsylvania game laws since they anticipate that they will have some effect upon their sport so far as fishing in the

Little Beaver is concerned. One well known fisherman said they need not worry, as only about a mile and a half of the stream is in that state, and they seldom fish so near the Ohio.

GOOD WORDS FOR CAREY.

Sporting Life Thinks He Is Wanted in Milwaukee.

The Milwaukee correspondent of Sporting Life has the following to say of George Carey.

"The management by signing Carey, provided of course that he can be secured from Philadelphia, would make a move which would make them immensely popular with the fans. With Carey on the team the increase in attendance would without a doubt be enough to pay his salary for one season. It is known for a certainty that Carey would like to play in Milwaukee, and no man ever wore a Milwaukee uniform who was and is today as popular among the patrons of the game here than Carey is."

THAT'S NICE.

But Some People Wonder How Well It Will Work.

The Washington correspondent of the Toledo Blade discusses the Ohio situation as it is observed in the capital, and among other things while touching on the aspirations of Governor Bushnell, says:

"One Ohio politician here gives it out as a fact that Senator Williams, of Stark county, entered into a written agreement to turn over to Governor Bushnell the legislative votes of Stark and Columbiana counties in return for a certain appointment for one of his friends; and it is stated with equal emphasis that the Stark county senator will be unable to deliver the goods."

A BIG BAR LIST.

Almost Two Thousand Cases For the April Term.

LISBON, April 10.—[Special.]—Josiah Rohrbach was this morning qualified as executor of the estate of Nancy Cook, of Columbiana. He gave \$10,000 bond.

The new bar list for the April term of court contains 1,961 civil cases and 29 of a criminal nature.

A marriage license was issued today to A. Campbell and Mary Dyke.

The time has expired in which an appeal can be made in the case of J. H. Simms against the commissioners. They are preparing to pay the judgment of \$900 next Monday.

PRESBYTERIAN MEETINGS.

They Are Scheduled For This City Early Next Week.

The presbytery of Steubenville will meet in the First U. P. church in this city next Monday evening. The opening sermon will be delivered by Rev. J. G. Madge, of Carrollton. There is no particular business before the presbytery.

The United Presbyterian Ministerial association of the Ohio valley is scheduled to meet in the First church here on Monday afternoon at 1:30 o'clock. The membership of the association is large, and an interesting session is expected. A large number of ministers of the denomination will be here early next week.

ONLY A FAMILY FIGHT.

But It Aroused Much Interest in the West End.

A drunken husband and a sobbing wife attracted some attention in the West End last night. They had been quarreling, and the man struck his wife in the face, but she made no effort to retaliate. A neighbor wanted to call the police, but she declared she would make no charge if her husband was arrested, and the matter was allowed to rest. There are people in that part of town who believe the case should have been prosecuted.

WATCHMAN OR GATES

Are Wanted by East End People, Instead of the Bell.

The citizens of East End are still hoping that some day the railroad will take compassion on them and put either a watchman or gates at the crossing. Last evening one said: "Quite often the bell is out of order, and Thursday it didn't work at all. The street cars are depending on this bell, and if a train should happen along when a car is crossing, you can imagine what the result would be. We would like to see the watchman, and hope for the best."

Richard Gardner's Funeral.

The funeral of the late Richard Gardner will take place tomorrow afternoon at 2 o'clock from St. Stephen's church, Rev. Charles O'Meara, officiating. Interment will be made in Riverview. The Masons, Phoenix club and Mystic Circle will be in attendance.

Dan Voorhees Is Dead.

WASHINGTON, April 10.—[Special.]—Ex-Senator Daniel W. Voorhees died here this morning after a long illness.

THE GRAND TO BE SOLD

Wellsville and Butler Men Would Lease.

HOTEL COMPANY AFTER IT

They Think the Price Placed on His Property by Landlord Stewart Is Far Too High, but He Will Not Come Down—Prospects For a Big Deal.

It is almost an assured fact that the Hotel Grand will change hands. In speaking of the proposed deal last night Landlord Stewart said: "Yes, I have had three different people here this week after the house. Two of these, W. J. Campbell, of Butler and Landlord Fuller, of Wellsville, are anxious to secure a lease on the building. I will not lease the house under any circumstances unless the goods are included. It seems as if these men desire to remodel the building and furnish it. If these men want the house let them take the house as it now is. Although Mr. Campbell furnished first class recommendations I would not let him have it. Mr. Fuller is expected to be here next week, but whether he will have a new proposition I cannot say. The company organized among local people were also to see me. They seem to think the price is too high, and want me to lower it, which I absolutely refuse to do. I have built up a good trade, and the business as far as this house is concerned is very good."

"Whether these people take the property or not, I am going to turn it over to my son. I expect to retire from active business life within a short time. I am not anxious to sell it."

What Is He?

The individual who steals gas from an unsophisticated and trusting gas company; who runs his business on Sunday, in defiance of law; who attempts to break into a private room for the purpose of carrying off private property, simply because that room is used as a storage room, and he fondly believes that his villainy will go undetected. What is he? Who is he? Let him repent and make atonement.

Returned the Chickens.

Last evening the NEWS REVIEW published an item that chicken thieves had stolen two very fine bantams from Harry Robbins, of Sheridan avenue. Late in the evening two small boys appeared at his home with the chickens, and said they had bought them from a man last Sunday, but had not yet paid for them, and seeing the item in this paper, returned them to their rightful owner.

Broke Windows.

A number of boys indulged in a game of ball in Third street this morning, and as a result several windows were broken. There is an ordinance against ball playing in the streets, and it would be a good thing if the proper authorities would enforce it.

Filed His Account.

J. C. McClain this morning filed the statement of his election expenses with Clerk Norris. This is the first report the clerk has received, and he will not make them public until they are all in.

After Birds.

There are no less than a dozen swans flying around the river today, and there are no less than twice that number of hunters trying to bring them down by their excellent marksmanship.

Going to Boston.

H. A. Keiffer, of the Dresden, will spend next week in Boston on business. While away his place in the office will be filled by Henry Knoblock, western representative of the concern.

Lucky Sunflowers.

A game of indoor baseball at the Young Men's Christian association between the Sunflowers and the Headlights resulted in victory for the former. The score was 22 to 8.

Going to Lisbon.

The newly elected assessors Monday will go to Lisbon, where they will receive their books and supplies. They will begin at once to make a canvass of the city.

Buried This Afternoon.

The funeral of the 11-months old child of Mr. and Mrs. John Rose took place this afternoon, Doctor Lee officiating. The remains were interred in Riverview cemetery.

Money at the Bottom of It.

George W. Sebers has entered suit before Squire Rose against Isaac Tuel. It is claimed Tuel owes the plaintiff a sum of money and refuses to pay it.

REDUCING THE DUTIES.

Republican Senators Slashing

the Tariff Rates.

HAVING AN EMBARRASSING TASK.

Senators, Whose Votes Are Needed, De-

manding Increases on Articles In

Which They Are Interested—Germany

Has No Ground For Protest.

WASHINGTON, April 10.—The Repub-

lican senators who are acting as a sub-

committee of the senate committee on

finance in the preparation of the tariff

bill are inclined, in their estimates now,

to postpone the date of its presentation

to the senate a little beyond the limit

originally fixed by them. They express

the opinion that it may be two weeks

from the present time before it will be

in shape to be reported. Some of them

postponed the time until two weeks

from next Monday.

The committee is making very satis-

factory progress with the bill and many

of the schedules have received final

attention, among them being chemicals

and cottons. None of the more puzz-

ling questions, however, have been

disposed of. The committee has deemed

it wisest to leave the rates on wool,

sugar, hides, coal, lead ore, lumber and

all the other important subjects until

the simpler matters can be determined.

They take the position that they can set-

tle disputed points more satisfactorily

after the other features of the bill are

thoroughly digested and the probable

revenue determined. Many of the

smaller items accordingly have been

decided upon.

While no detailed confirmation can

be secured it is understood that many

reductions in duties have been made.

The disposition of the committee is to

make a quite general reduction, but

this is found to be a task not easy of

accomplishment because of the insis-

tence of senators upon having the

strongest protection for the articles in

which they are particularly interested.

There are, indeed, many demands for

increases, and some of these are so

pressing that the members of the com-

mittee are finding themselves consid-

erably embarrassed between their de-

sire to satisfy senators whose votes will

be essential to the success of the bill

and their conviction that the interests

of the party demand reduction rather

than increase.

GERMANY'S PROTEST.

The Wilson Tariff Law Said to Have

Repealed the Foster-Von Mumm

Agreement, Which the German Gov-

ernment Uses as a Basis For Action.

WASHINGTON, April 10.—The state

department continues to deny the re-

ports that the German government has

submitted a protest against the tariff

bill, but whether it has been received

or not it is known definitely that such

a protest has been forwarded by the

German ambassador, Baron von Thiel-

man, acting on cable instructions from

Berlin. These instructions were re-

ceived only this week, and the amba-

sador promptly submitted the protest.

The protest follows the general lines of

that of Aug. 28, 1894, presented by

Baron Saurma, the then German am-

bassador, to Secretary Gresham, re-

specting discriminating sugar duties in

the Wilson bill.

The essential ground of protest is

that in August, 1891, Secretary of State

Foster and the German charge d'affaires,

Mr. von Mumm, entered

into an agreement at Saratoga, provid-

ing that importations of American

pork in Germany should not be hind-

ered or discriminated against and that

importations of German sugar into the

United States should not be discrim-

inated against. The protest declares

that the proposed discriminating duty

on sugar would be opposed to that

agreement and that in such case Ger-

many would consider the agreement

void throughout and would act ac-

cordingly.

Several of the other foreign repre-

sentatives to the United States have

submitted representations respecting the

tariff bill, but none of them was quite

so strong in protest as that of Germany.

When the Foster-Von Mumm agree-

ment was called to the attention of offi-

Later Vice President Avritt sur-

rendered himself and was immediately

released on bonds. President Spalding

is not in the city, but in a letter written

to a friend he says he will return Mon-

day. In the meantime officers are

looking for him.

Mr. Spalding was appointed treasurer

of the Illinois university board four

years ago, at the solicitation of ex-

Governor Altgeld. Two years ago

Treasurer Spalding's term expired, but

he was reappointed and it was but a

short time after his reappointment that

the state legislature appropriated \$123,-

penses of the university. The money

ATLANTA, April 10.—Telegrams from

Ozark, Ala., and Valdosta, Ga., cross-

ing the ill-fated town of Arlington, Ga.,

show that this section has been visited

by another gulf cyclone, ascending the

Apalachicola valley and sweeping

northward with terrific force to the

confluence of the Chatahoochie and the

Flint rivers, where it died.

In one direction going toward Ozark,

where timbers were uprooted and

were blown to pieces, several lives

were lost, among them Mrs. Powers,

who was caught beneath the falling

timbers of her house and crushed. Her

husband was unable to save her and

was himself badly hurt, but he rushed

off through the blinding rain and in-

terfered darkness for assistance. The rest

of the family were rescued, among

them a baby 3 weeks old, whom the

mother protected at the loss of her own

life.

The second section of the cyclone

was deflected upon the Flint valley,

breaking across south Georgia and

passing through Arlington, where but

a few weeks ago nine children were

killed in the ruins of their schoolhouse.

Reaching Valdosta the storm became

intensified in fury and trees were blown

down in every part of the city. A

church in the southern part of the city

was wrenched from its foundation and

twisted into fragments by the angry

winds.

The boxcars on the Plant system were

blown off the track. Lightning struck

in the Western Union telegraph office

and set fire to the building.

reports of an alarming nature are

coming in.

IN ALLIANCE they have a man who

makes violins and a college where the

students fight, and the Review is greatly

ticked.

Not content with the troubles arising

from the attempt to select a senator, the

Kentucky legislature is now considering

a bill granting women the right of

franchise.

The Salem Herald, dazzled by the

glitter of the approaching battle between

Brice and McLean, pretends to think the

day is dawning for Ohio Democrats.

GERMANY and some other European

countries are protesting against our

tariff. In view of the fact that it will

have more or less effect upon the in-

comes of various business men in those

lands, the news is not at all surprising.

EDHEM PSHA is the commander-in-

chief of the Turkish forces preparing to

operate against Greece, but he will have

to be smarter than the average Turk if

he expects to Edhem off before the

Greeks are well established in his baili-

wick.

The gold and silver Democrats mix

almost as well as do oil and water. That

old fight over finance is by no means

ended, and the conference of sound

money men to be held in New York this

month, is but the continuation of the

struggle.

ONE Lawrence T. Neal, who will be

remembered as having figured some-

what in Ohio politics a few years ago,

risks out of oblivion long enough to say

the senate should cut down the rates of

the tariff bill. But Larry is dead to the

world, and his words go no farther than

to an obscure place in a Columbus news-

paper.

GOOD NEWS.

It is cheering news the trade papers

have for their readers this week. In

spite of the uncertainty so general be-

cause of the uncertainty of what the

tariff bill will contain when the senators

have made their corrections and altera-

tions, the crockery trade has not

suffered. Buyers continue to fill their

shelves with American ware, and the

demand is brisker than for many a day.

If to this cheerful condition we add the

knowledge that traveling salesmen of at

least one East Liverpool pottery will

rest a month because there are more

orders on hand than the plant can fill,

there is ample reason for the belief that

the industry is rapidly assuming some-

thing akin to its old time form and

vigor. Salesmen rested during Mr.

Cleveland's administration, because it

was impossible to sell ware; they rest

now because they sell too much.

HUNTER HAS A CHANCE.

Situation Changes Somewhat

at Frankfort, Ky.

HIS OPPONENTS BADLY SCABED.

The Caucus Nominee Came Within One

of Having Enough to Elect Him—His

Enemies Expected to Break Quorum

A Struggle Next Week.

FRANKFORT, Ky., April 10.—The re-

turn of Baldwin, one of the bolting

Republicans, to Hunter in the exciting

senatorial ballot has served to raise the

spirits of the Republican senatorial

nominee, to more securely bind to him

those followers, to determine that no

new nominees shall take his place and

to put every Hunter man to work as

they have not worked before in weeks.

The occurrence makes remote any pos-

sibility of Hunter's withdrawal, even

if there should be no election for weeks.

With Hunter now lacking only two

votes of an election, it is confidently

claimed that Senator Stoge, another

Republican bolter, will return to him

whenever his vote will elect, and that

one other needed vote will be gotten

somewhere, no matter what pressure it

takes to get it.

With Hunter, the newly elected Democ-

rat, and without Senator Ogilvie, the

sick and absent silver Democrat away,

there are, with all present, only 67 Hun-

ter votes to the 70 anti-Hunter people

made up of three factions that cannot

unite on any man of their own for the

reason that some of the three fac-

tions would be certain to lose one or

more men to Hunter in case of a stamp-

ede. But these 70 can break a quorum

if they will unite on that plan to pre-

vent Hunter's election. Then he would

lack three votes of an election, for,

while he has 67 of the 69 that will elect,

it takes 70 to make the quorum that

must be "present and voting" before

any election can occur.

TRADE IS IMPROVING.

Dun Takes Comfort In Analyzing the Failures.

SEES BRIGHTER TIMES AHEAD.

The Wheat Market Takes a Drop—Speculation in Wool Checked by the Retroactive Clause of the Tariff Bill—The Iron Industry Hampered.

NEW YORK, April 10.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, says: Out of 4,006 failures, with liabilities of \$60,752,561, in the first quarter, 74 banking failures covered more than a fifth of the amount, \$12,744,650, and 3,345 failures with liabilities of \$35,947,892, or nearly three-fifths, are classified this week according to branches of business, leaving only 587 failures and less than a fifth of the liabilities, \$13,060,019, in branches of manufacture or trade not specified.

Only 2 of the 13 manufacturing classes and only 4 of the 13 trading classes show liabilities for the quarter larger than last year, and only 5 manufacturing and 3 trading show larger average liabilities. For the month of March only 3 manufacturing and 4 trading classes show larger amounts than last year, and only 2 manufacturing and 5 trading show a larger average of liabilities. In almost every class, also, it is shown that the increase is due to one or two exceptionally large failures in that class. The returns, compared with those of three previous years, disclose much improvement already and a bright prospect for more hereafter.

A sudden collapse in the wheat market, exceeding three cents in a day, appears to have no other cause than a belated perception that past acceptance and estimates of yield of consumption, official and other, have been misleading. Floods and other unfavorable weather for seeding have no weight. Expectation of great scarcity and high prices burst like a bubble, and for a time the only support was the taking of profits by speculators for a fall. Receipts have not warranted hopes of a great advantage, nor do they now warrant much expectation of decline. Western receipts are smaller than last year and Atlantic exports not large, though over 60 per cent larger than a year ago. Corn receipts continue heavy and exports for the week were 3,332,337 bushels, against 1,142,710 last year, and against Atlantic exports of wheat amounting, flour included, to only 1,521,122 bushels, against 967,553 bushels last year.

Speculation in wool has been checked by the possibility that duties may take effect April 1, and some large shipments from abroad have been countermanded, while traders here are less disposed to sell. But trading between dealers makes up more than half the sales of \$12,739,400 pounds for the week, and since sales in six weeks at three markets have been 76,464,600 pounds, it is not improbable that many mills have, as is claimed, a full year's supply. The demand for men's goods has diminished, the first round of purchases having been completed by many buyers, with results fairly encouraging and the demand for dressgoods, especially of the lower grades, has caused an advance of 5 per cent in some lines.

The iron industry is hampered by the contest between Mesaba ore interests, which prevents as yet any settlement of ore prices and leads many to expect further decline in finished products. The Illinois steelworks, the Lake Erie works at Cleveland and the works of Oliver & Co. and Byers & Co. at Pittsburgh are stopped by labor difficulties, and some furnaces have stopped because the production of pig had outrun the demand for finished products and heavy stocks remained unsold. Bessemer pig, at Pittsburgh, brings only \$10 and Grey forge only \$8.75, the lowest on record, but no quotable decline is seen in finished products, and nails are strong.

BRYAN'S VISIT TO FLORIDA.

Spoke to Crowds on His Way to the Capital—Addressed Legislators.

TALLAHASSEE, Fla., April 10.—William J. Bryan spoke at Lake City, Live Oak and Lloyds, where he was greeted by big crowds, on his way here. Upon his arrival he was met by a committee of the legislature and city officials.

When asked if he felt any serious effects from his accident Mr. Bryan said: "I am all right, but I was considerably shaken up and my chest and legs are very painful."

A platform for last evening's address had been erected in Lewis park, and Mr. Bryan spoke there at 8 o'clock to 1,000 people, after a formal welcome to the city by Mayor Shine and an introduction by Senator Shipley. He disclaimed any intention to influence the pending senatorial contest in the legislature.

After the speech a reception was held at the Leon hotel. Mr. Bryan left at 2:45 a. m. for Jacksonville, where he is to speak tonight.

TO SEND AID TO INDIA

Secretary Long Takes Steps to Execute the Will of Congress.

WASHINGTON, April 10.—In execution of the act of congress authorizing the secretary of the navy to transport contributions for the relief of the suffering poor of India, Secretary Long has taken steps immediately to procure a ship or steamer from the merchant marine. No naval vessel is available for this purpose, so the choice will be made from American merchant ships, a number of which have been offered to the department at reasonable rates.

The naval pay officer at New York has been instructed to obtain, in the manner usual in seeking proposals for supplies to be purchased in the open market, bids for furnishing such a ship, subject to the approval of the commandant of the New York navy yard.

CLOTHING, HATS, CAPS AND FURNISHING GOODS AT A LESS PRICE THAN MANUFACTURER'S PRICE WILL BE PAST.

We have had a wonderful sale. It has been beyond our expectations. We had a large and well selected stock. People appreciated the opportunity to buy goods at a sacrifice price.

We have unpacked our Spring and Summer goods, and are now

Ready to offer you the greatest bargains ever offered in this city, as we desire to close all out quickly.

We want to say to all buyers, Come Soon,

As in a very short time the store will pass from our hands to those who will conduct the business; but until such time as they are ready for the stock, we will continue the sale at sacrifice prices. All must go,

The Cost of Goods not taken in consideration,

As all must be disposed of.

Keep in mind

We are offering you nice fresh, stylish garments, and at

A Price Less than any store in this city could buy them.

So we say again,

COME QUICK!

We have a large force for Saturday, so all may be waited on promptly.

GEO. C. MURPHY'S CLOSING OUT SALE TO QUIT THE BUSINESS.

The East Liverpool friends of Jacob S. LOCAL BREVITIES.

Palm Sunday will be observed at St. Aloysius church tomorrow.

Mrs. Sullivan, an aged resident of Chester, is very ill at his home.

Captain Pusey, of the ferryboat, is quite ill at his home in Fourth street.

Hugh Marshall, one of the Western Union messenger boys, is quite ill at his home.

Miss Georgie Harker yesterday afternoon entertained the Flabbergasters at her home in Cook street.

Barton Earle, father of Officer Earle, is now a resident of this city. He has moved here from Salineville.

Samuel Hancock entertained friends last evening at his home in Second street, as the result of an election bet.

The new church at Chester seems to be a go, the soliciting committee lacking but a few dollars of the coveted \$400.

Another valuable horse belonging to John Rinehart died this morning. This makes the second animal he has lost this week.

George Davidson and W. M. Hill went out on the river after ducks yesterday afternoon and got them. In a short time they shot 12.

Activity in the Knoxville oil field continues, and a number of wells will be started next week. There is more than the usual excitement.

The Cleveland and Pittsburg officials have decided to change the name of Brown's to Coston, provided the government will change the name of the postoffice.

Yesterday was another good day at the freight depot. Sixteen cars were loaded at the sheds, and 10 on the sidings. There arrived 43 cars making a total of 69 cars for the day.

It has been rumored for sometime that Charles Berg would be a candidate for mayor next spring. When seen last evening he replied that it was altogether too early to talk on the subject.

The Steubenville Gazette says that Emory Stackhouse, who was recently arrested in Canton for passing counterfeit money in this section, has been lodged in the Steubenville jail.

Deputy Grand Chancellor Adolph Joseph, of the Knights of Pythias, will leave Wednesday for Canton to attend a convention of the deputies of the Eighteenth congressional district.

In spite of the amount of talk in favor of a bicycle club made up of local riders, a well known wheelman expressed the belief last night that there would be no such organization in the city this year.

The Mormons will hold two meetings tomorrow, afternoon and evening. They will be held at the residence of Thomas Davidson, and will be in charge of George Davidson, the newly appointed elder.

The rainy weather seemed to have some effect on the number of tramps about town, and few were seen during the week. This morning no less than nine were counted on two squares in Sixth street.

R. B. Watson has decided to dispose of his property at Sixth and Broadway, and it is advertised for sale. It is among the best corners in the city, and real estate men are wondering what price it will bring.

The music committee of the Endeavor society of the First Presbyterian church met last night and organized a choir. On Easter Sunday an orchestra of 10 pieces and the choir will render the music at the society's meeting.

The river is still rising, and the rain of the past few days have so far put it up to the 13 foot mark, a rise of four feet since yesterday. It is now rising at the rate of two inches an hour. Passed down—Enterprise and Valiant. The Virginia is due down at 9 o'clock this evening.

The spring cleaning at the fire station will be finished by next week. The building has undergone a thorough change. Walls have been papered, stalls varnished, and everything has been given an improving touch. Chief Morley and his able assistants should be proud of their quarters.

The East Liverpool friends of Jacob S. Coxey, commonwealer and good roads advocate, will be interested in knowing that a determined effort was recently made to indict him for sending obscene matter through the mails. The alleged offense was an item in his paper, but the grand jury found no wrong in it.

The Epworth league of the Second M. E. church have arranged for an entertainment to be given in the church, East End, next Monday evening. An excellent program will be carried out. Don't fail to attend and take all your lady friends, as the evening will be one which you will long have occasion to think of with delight.

MADE SOME CHANGES

Water Works Trustees Have
New Ideas.

LIVERY MEN MUST USE METERS

Barber Shops, Saloons and Hotels Are to Have Improved Arrangements For Wash Basins—Officers Were Elected, but They Are as Usual.

The men who control the water department decided at the meeting last night upon several new rules, the enforcement of which has much to do with people using large quantities of water.

After the old board had ordered the payment of a few bills, it died the usual death, and the new board, merely a matter of form, came to life. J. H. Harris was chosen president; J. W. Gipner, clerk; Philip Morley, superintendent, and Edward Cox his assistant. It was decided that the rules needed changing, and the action was taken which compels barber shops, saloons and hotels to put in automatic shutoffs for wash-basins or use meters, each proprietor to buy his own meter. The owners of livery stables were also ordered to put in meters, all changes to be made before June 1. Failure to comply with the rule of the board will result in the shutting off of water at once. A resolution was passed asking council to instruct the city engineer to make inquiry regarding the condition of the water mains and the expense necessary to alter or repair them, whenever he is ordered to survey and make estimates toward improving streets. The trustees did not talk about filtration beds, for the very simple reason that they do not look upon it as their business. The matter belongs to council and the board of health.

Sam DeLeon Company.

The Sam DeLeon company, recognized as the best popular price company on the road, comes to the opera house for the entire week of April 12, with Wednesday and Saturday matinees. Of this company the Saratoga Press says: "The Sam DeLeon company are at the Theatre Saratoga this week with good and increasing business. This is the first appearance of this organization here, and many of the people are excellent in their respective parts. Unlike many repertoire companies that visit us, this one has an even set of players to fill out a comedy with. They give a series of plays which are clean and no objectionable features, and the manner of their presentation was in every way admirable and found great favor with our people. Elegant costumes, perfect makeup of the different characters and good acting are characteristic of the company which secures for them deserved success."

HE DESERVES SUCCESS.

The Indications Are That He Will Have It.

In the year 1890, Messrs. Stein & Freedman opened up in business in the corner now occupied as a barber shop by Mr. Charles Berg, Mr. Stein afterwards purchasing the interest of his partner and assuming full control. At the end of two years he went into partnership with Mr. A. Solomon, the new firm opening up in the Opera House block, under the firm name of Solomon & Stein. This partnership lasted for something over three years, when a dissolution took place, Mr. Stein believing that he could best cater to the public in an establishment entirely under his own control and management. With this aim in view, he secured very handsome and commodious quarters in the new Syndicate block, Sixth street, where he today opened a superb establishment, to be known as "The People's Dry Goods Store." The new store room has been fitted up in an elegant manner, and is now stocked with a class of goods which cannot fail in winning the warm approval and commendation of the purchasing public, as the establishment will be conducted to the very letter on the basis of "quick sales and small profits," and decided bargains will be given to those who patronize "The People's Dry Goods Store."

Mr. J. Stein has made a host of friends in East Liverpool and vicinity, by and through unflinching courtesy to those with whom he has come in contact in the business world, and these friends predict for him full success in his new venture. He extends hearty thanks to those who have given him their custom in days gone by, and gives to one and all a hearty invitation to visit him in his present snug quarters, where he proposes catering to the public in a manner which cannot fail in winning warm approval. He has special bargains now on his counters, and himself and a corps of courteous clerks will take delight in waiting upon you. Don't forget the location. Syndicate block, Sixth street.

THE WORK GOES ON.

East Liverpool is Interested—It Has Much to do With the Welfare of Our People.

Never out of work. That's the case with the kidneys. Twenty-four hours to the day is the time they put in. They're equal to it when they're well. But they get sick. Stopping positions of the body, Straining, a fall or over-exertion. Often make the kidneys sick. But the work must go on. They need a helper. They ask you for it through the back. When the back aches it's the kidneys calling for assistance. Neglect their petition and trouble follows.

Serious trouble, urinary trouble, diabetes, Bright's disease. Doan's Kidney Pills are kidney helpers.

Perfect mechanics in their line. Help the kidneys and cure their ills. Hard at it here in East Liverpool, Relieving tired kidneys, curing sick ones.

The good work goes on. Here's some evidence of it.

Mrs. Wm. Dunn, of 192 Sixth street, says: "Doan's Kidney Pills did for me what none of the doctors could do. Doctors told me I had gravel and a little relief was all I could expect. I suffered terribly—not only lately, but for two or three years, alternately better and worse, with severe pains across the small of my back and up my sides, particularly my right side. The pains were so severe that I was often obliged to stay in bed, not being able to get up. My limbs used to swell up so I could hardly walk, and periodically would be taken with such severe pains through the groins that I could hardly stand it. The doctors advised hot applications and gave me bottle after bottle of medicine, but I did not receive any real benefit until I procured a box of Doan's Kidney Pills at the W. & W. Pharmacy. Having seen them so highly recommended by others, I took them almost at once, and I have every confidence they will ultimately cure me." Doan's Kidney Pills are for sale by all dealers, price 50 cents, or sent by mail by Foster-Milburn Co., Buffalo, N. Y. sole agents for the U. S.

EAST LIVERPOOL, O., SATURDAY, APRIL 10.

IN Alliance they have a man who makes violins and a college where the students fight, and the Review is greatly tickled.

Not content with the troubles arising from the attempt to select a senator, the Kentucky legislature is now considering a bill granting women the right of franchise.

The Salem Herald, dazzled by the glitter of the approaching battle between Brice and McLean, pretends to think the day is dawning for Ohio Democrats.

GERMANY and some other European countries are protesting against our tariff. In view of the fact that it will have more or less effect upon the incomes of various business men in those lands, the news is not at all surprising.

EDHEM PSHA is the commander-in-chief of the Turkish forces preparing to operate against Greece, but he will have to be smarter than the average Turk if he expects to Edhem off before the Greeks are well established in his bailiwick.

The gold and silver Democrats mix almost as well as do oil and water. That old fight over finance is by no means ended, and the conference of sound money men to be held in New York this month, is but the continuation of the struggle.

ONE Lawrence T. Neal, who will be remembered as having figured somewhat in Ohio politics a few years ago, rises out of oblivion long enough to say the senate should cut down the rates of the tariff bill. But Larry is dead to the world, and his words go no farther than to an obscure place in a Columbus newspaper.

GOOD NEWS.

It is cheering news the trade papers have for their readers this week. In spite of the uneasiness so general because of the uncertainty of what the tariff bill will contain when the senators have made their corrections and alterations, the crockery trade has not suffered. Buyers continue to fill their shelves with American ware, and the demand is brisker than for many a day. If to this cheerful condition we add the knowledge that traveling salesmen of at least one East Liverpool pottery will rest a month because there are more orders on hand than the plant can fill, there is ample reason for the belief that the industry is rapidly assuming something akin to its old time form and vigor. Salesmen rested during Mr. Cleveland's administration, because it was impossible to sell ware; they rest now because they sell too much.

THE SENATE'S DUTY.

It is plainly the duty of the senate to refrain from using too freely its pruning knife upon the duties of the Dingley bill. That measure was prepared by the ways and means committee with a view to protection of industries as well as the raising of revenue. While it is possible there may be mistakes, yet no one believes the bill has so far failed to hit the mark as to make a complete revision necessary. It would be an error, serious and grave, to eliminate those features calculated to protect the manufacturer and workman. They voted the Republican ticket last fall because that party promised them prosperity and better times, and under the influence of that promise they have taken new courage, and are doing what they can to bring it about. The senate should not dampen their ardor by doing that which deprives them of the first essential of success in their undertaking.

REDUCING THE DUTIES.

Republican Senators Slashing the Tariff Rates.

HAVING AN EMBARRASSING TASK.

Senators, Whose Votes Are Needed, Demanding Increases on Articles in Which They Are Interested—Germany Has No Ground For Protest.

WASHINGTON, April 10.—The Republican senators who are acting as a subcommittee of the senate committee on finance in the preparation of the tariff bill are inclined, in their estimates now, to postpone the date of its presentation to the senate a little beyond the limit originally fixed by them. They express the opinion that it may be two weeks from the present time before it will be in shape to be reported. Some of them postponed the time until two weeks from next Monday.

The committee is making very satisfactory progress with the bill and many of the schedules have received final attention, among them being chemicals and cottons. None of the more puzzling questions, however, have been disposed of. The committee has deemed it wisest to leave the rates on wool, sugar, hides, coal, lead ore, lumber and all the other important subjects until the simpler matters can be determined. They take the position that they can settle disputed points more satisfactorily after the other features of the bill are thoroughly digested and the probable revenue determined. Many of the smaller items accordingly have been decided upon.

While no detailed confirmation can be secured it is understood that many reductions in duties have been made. The disposition of the committee is to make a quite general reduction, but this is found to be a task not easy of accomplishment because of the insistence of senators upon having the strongest protection for the articles in which they are particularly interested. There are, indeed, many demands for increases, and some of these are so pressing that the members of the committee are finding themselves considerably embarrassed between their desire to satisfy senators whose votes will be essential to the success of the bill and their conviction that the interests of the party demand reduction rather than increase.

GERMANY'S PROTEST.

The Wilson Tariff Law Said to Have Repudiated the Foster-Von Mumm Agreement, Which the German Government Uses as a Basis For Action.

WASHINGTON, April 10.—The state department continues to deny the reports that the German government has submitted a protest against the tariff bill, but whether it has been received or not it is known definitely that such a protest has been forwarded by the German ambassador, Baron Von Thielmann, acting on cable instructions from Berlin. These instructions were received only this week, and the ambassador promptly submitted the protest. The protest follows the general lines of that of Aug. 28, 1894, presented by Baron Saurma, the then German ambassador, to Secretary Gresham, respecting discriminating sugar duties in the Wilson bill.

The essential ground of protest is that in August, 1891, Secretary of State Foster and the German charge d'affaires, Mr. Von Mumm, entered into an agreement at Saratoga, providing that importations of American goods in Germany should not be hindered or discriminated against and that importations of German sugar into the United States should not be discriminated against. The protest declares that the proposed discriminating duty on sugar would be opposed to that agreement and that in such case Germany would consider the agreement void throughout and would act accordingly.

Several of the other foreign representatives to the United States have submitted representations respecting the tariff bill, but none of them was quite so strong in protest as that of Germany. When the Foster-Von Mumm agreement was called to the attention of officials of the United States conversant with its negotiations the statement was made that the agreement had long ago gone out of existence. It was based, the officials stated, on the reciprocity clause of the McKinley law and was not to be effective as against subsequent enactment of congress. The Wilson tariff law disregarded the agreement, which, it is said, became inoperative thereafter. Under these circumstances it is held that the Foster-Von Mumm agreement can in no way serve as an effective basis of protest at the present time.

DEMOCRATS NOT WITH HIM.

They Refuse to Aid Simpson in His Determined Obstructive Tactics.

WASHINGTON, April 10.—Representative Simpson of Kansas declares that he will carry into effect his threat to block any business which the house may attempt to do by unanimous consent before the speaker has appointed committees. He says he will also call for a quorum to approve the journal each time the house meets.

There is no legislation for the house in project until the tariff or appropriation bill are returned to it by the senate, except the small matters of routine business which are likely to arise and which have been considered recently by unanimous consent. Should additional measures for the relief of the sufferers by the Mississippi floods be brought forward Mr. Simpson proposes to compel the presence of a quorum, and the action of a committee on them or the adoption of a special rule for their consideration.

The Democrats do not intend to abet Mr. Simpson in his obstructive tactics.

MOODY ON INGERSOLL.

Has About as Much Use For the Infidel as For Corbett.

St. Louis, April 10.—Dwight L. Moody was asked what he thought of Robert G. Ingersoll, who is billed to lecture here.

"Why don't you ask me what I think of Corbett?" asked the evangelist in a slightly nettled tone.

"I never saw Ingersoll in my life. I don't know a thing about him. He does not interest me in the least. So he's going to lecture here on 'Truth,' is he?" continued Mr. Moody. "Well, that's what I have been preaching for 30 years. I preached it last night in my sermon on 'Sowing and Reaping.' That is the truth and you cannot get away from it. You go to Ingersoll when he gets here and show him my sermon on 'Sowing and Reaping.' If he denies anything in it let me know. I'd just like to see what he'd say about it."

BANK OFFICIALS ARRESTED.

Money of Illinois University Tied Up in a Failed Institution.

CHICAGO, April 10.—C. E. Churchill, cashier of the suspended Globe Savings bank, for whose arrest a warrant on a charge of embezzlement was sworn out, has surrendered himself and furnished bonds for his appearance.

Later Vice President Avritt surrendered himself and was immediately released on bonds. President Spaulding is not in the city, but in a letter written to a friend he says he will return Monday. In the meantime officers are looking for him.

Spaulding was appointed treasurer of the Illinois university board four years ago, at the solicitation of ex-Governor Altgeld. Two years ago Treasurer Spaulding's term expired, but he was reappointed and it was but a short time after his reappointment that the state legislature appropriated \$423,000 to be devoted to defraying the expenses of the university. The money was in the failed bank.

A SOUTHERN CYCLONE.

Sections of Alabama and Georgia Swept by a Destructive Storm—A Woman Killed Near Ozark, Ala.—A Church Twisted to Pieces at Valdosta, Ga.

ATLANTA, April 10.—Telegrams from Ozark, Ala., and Valdosta, Ga., crossing the ill-fated town of Arlington, Ga., show that this section has been visited by another gulf cyclone, ascending the Apalachicola valley and sweeping northward with terrific force to the confluence of the Chatahoochie and the Flint rivers, where it died.

In one direction going toward Ozark, where timbers were uprooted and houses blown to pieces, several lives were lost, among them Mrs. Powers, who was caught beneath the falling timbers of her house and crushed. Her husband was unable to save her and was himself badly hurt, but he rushed off through the blinding rain and intense darkness for assistance. The rest of the family were rescued, among them a baby 3 weeks old, whom the mother protected at the loss of her own life.

The second section of the cyclone was deflected upon the Flint valley, breaking across south Georgia and passing through Arlington, where but a few weeks ago nine children were killed in the ruins of their schoolhouse.

Reaching Valdosta the storm became intensified in fury and trees were blown down in every part of the city. A church in the southern part of the city was wrenched from its foundation and twisted into fragments by the angry winds.

The boxcars on the Plant system were blown off the track. Lightning struck in the Western Union telegraph office and set fire to the building.

From many other towns in the vicinity reports of an alarming nature are coming in.

OFFERED THE SPEAKER A BRIBE.

The Kansas Legislature Presiding Officer Springs a Sensation.

TOPEKA, April 10.—Speaker Street of the Kansas legislature sprung a sensation when he testified in the bribery investigation. He said:

"Harry Wilson, whom I was told was the agent for the American Book company, said he would pay me \$1,000 in cash if I would apply the two-thirds rule necessary in advancing bills against the school book bill and \$2,500 if the bill was defeated. He placed a \$100 bill in my lap. I told him I did not care for the money at that time and would take the matter under advisement. Later, in reply to letters from him, I wrote on one of them, which I returned, 'that I could be of no service to him.'"

LIFE INSURED FOR \$1,000,000.

Mrs. Leland Stanford Provides Handsomely For the University.

SAN FRANCISCO, April 10.—Mrs. Leland Stanford has signed the contract by which her life is insured for \$1,000,000. The policy, which is said to be the

largest ever issued, was written by a New York company.

By the terms of the contract Mrs. Stanford is to pay an annual premium of \$70,000, and upon her death \$1,000,000 will be paid by the company to the Leland Stanford, Jr., university. Should she live ten years and continue her annual payments of premiums the university will receive at her death \$2,000,000 instead of \$1,000,000.

St. Louis, April 10.—Dwight L. Moody was asked what he thought of Robert G. Ingersoll, who is billed to lecture here.

"Why don't you ask me what I think of Corbett?" asked the evangelist in a slightly nettled tone.

"I never saw Ingersoll in my life. I don't know a thing about him. He does not interest me in the least. So he's going to lecture here on 'Truth,' is he?" continued Mr. Moody. PEACE IN THE SENATE.

The Factions Agree on Reorganization of the Committees.

WASHINGTON, April 10.—The committees, representing respectively the Republican and Democratic sides of the senate, are continuing their efforts to reach an agreement on a basis of reorganizing the senate committees.

The Republicans fear that if they do not take the work in hand the tariff bill might be seriously delayed, some of the Democrats having practically warned them that they would object to any further legislation of any character unless the committees should be filled. There is also a feeling on the Republican side that any allotment which might appear to discriminate invidiously against the Populists and silver Republicans would imperil the tariff bill by precipitating an uneasy wrangle on the eve of its presentation to the senate.

At the conclusion of a three hours' session of the Republican committee, Senator McMillin said that such satisfactory progress had been made as to warrant the prediction that reorganization would be accomplished. Notices were ordered sent to the Republican senators asking them to specify the committees on which they would prefer to serve.

HUNTER HAS A CHANCE.

Situation Changes Somewhat at Frankfort, Ky.

HIS OPPONENTS BADLY SCARED.

The Caucus Nominee Came Within One of Having Enough to Elect Him—His Enemies Expected to Break Quorums A Struggle Next Week.

FRANKFORT, Ky., April 10.—The return of Baldwin, one of the bolting Republicans, to Hunter in the exciting senatorial ballot has served to raise the spirits of the Republican senatorial nominee, to more securely bind to him those followers, to determine that no new nominees shall take his place and to put every Hunter man to work as they have not worked before in weeks. The occurrence makes remote any possibility of Hunter's withdrawal, even if there should be no election for weeks. With Hunter now lacking only two votes of an election, it is confidently claimed that Senator Stoge, another Republican bolter, will return to him whenever his vote will elect, and that one other needed vote will be gotten somewhere, no matter what pressure it takes to get it.

With Hager, the newly elected Democrat, and without Senator Ogilvie, the sick and absent Senator Democrat away, there are, with all present, only 67 Hunter votes to the 70 anti-Hunter people made up of three factions that cannot unite on any man of their own for the reason that some one of the three factions would be expected to lose one or more men to Hunter in case of a stampede. But these 70 can break a quorum if they will unite on that plan to prevent Hunter's election. Then he would lack three votes of an election, for, while he has 67 of the 69 that will elect, it takes 70 to make the quorum that must be "present and voting" before any election can occur.

It is reported that the gold Democrats will not vote for Hunter, but want some one elected, and have therefore voted when the Republicans did to make a quorum, thus forcing the Blackburn men to vote, are now badly enough scared to agree with the Blackburn Democrats and the bolting Republicans not to vote any more or allow a quorum till all danger of Hunter's election is past and they themselves can agree upon a man to elect in his stead. The Blackburn people know that no such combination can be made; that as long as they can get help and break a quorum and keep the encouraged Republican nominee on the track, they can prevent an election.

This "no election plan" is the one therefore upon which their undivided strength is and has been from the first centered and the plan is backed up by the shrewdest politicians and maneuverers ever seen in even a Kentucky political tournament.

The Hunter people do not believe the sound money Democrats, who have said there must be an election, will go permanently into the quorum breaking business and trusting to them to make the quorum they have gone zealously to work to get Stoge back, and to get that other needed Hunter vote. Hunter's chances are brighter than they have ever been before. It is almost certain that no quorum will vote today and that the final struggle will not come till next week.

ASS'T, BUT NOT UNITE.

Amalgamation of Y. W. C. A.'s Reported Not Practicable at Detroit.

DETROIT, April 10.—The important business feature of the session of the International Association of Young Women's Christian associations was the report of the "adjustment committee," appointed two years ago to confer with a like committee from the conference of the other Y. W. C. A. in regard to uniting the two bodies. Miss R. F. Morse of Orange, N. J., chairman of the committee, reported that at the meetings of the representatives of both associations held last year in Cleveland, it had been found wholly impracticable to amalgamate the associations.

The chief reason for this inability to come together on the evangelical question. The association now in convention requires its active members to be members of churches; the other association has no such rule. Charity is a leading feature of the latter, and, while the former works on philanthropic lines, spiritual and temporal education are its distinguishing traits rather than dispensing of alms. Miss Morse's report states that the committees have agreed to recommend that the associations aid each other in certain ways, and that they, at all events, are not to conflict with each other.

The report suggests a rule prohibiting organization of a local association in any community where an association of the other organization of the same name exists. The report was accepted and will doubtless be adopted at the business session.

WEATHER MAY INJURE CROPS.

WAPAKONETA, O., April 10.—The ground here is covered with snow to the depth of five inches and still snowing. The fruit crop will be badly damaged because all fruit trees are budding. It is turning colder and the wheat in the field will probably be ruined.

SAW THE CADETS ROW.

President McKinley Did Not Leave the Dolphin at Annapolis.

ANNAPOLIS, April 10.—The Dolphin, having aboard President McKinley and party, is anchored at the mouth of the Severn.

President and Mrs. McKinley did not leave the dispatch boat, owing, it is thought, to the inclemency of the weather, but when the two crews of naval cadets were practicing the major expressed a wish that they should row past the Dolphin, which they of course did.

THAT RIVERA RESOLUTION.

Sherman Decides to Prohibit It, Owing to Information Received.

WASHINGTON, April 10.—The senate resolution protesting against summary proceedings by the Spanish officials in Cuba against the captive insurgent leader, Kivera, has reached the state department through the White House.

Secretary Sherman regarding it as merely declaratory of the sense of the senate, and offered in an advisory rather than a mandatory spirit, has filed it away, and is not likely to carry out its suggestions and lodge a protest with the Spanish government, particularly in view of the information he has received that Rivera is not to be shot.

DEAFNESS AND BLINDNESS

Need Not Be Endured.

Do you want that Deafness Cured? Do you want those Noises in your ears stopped? Do you want that Catarrh Cured? Do you want those weak, watery eyes cured? Do you want those cross eyes straightened in one minute without pain? Do you need glasses, and want them fitted correctly? If so, consult

DR. ARTHUR L. PAYNE.

Oculist, Aurist and Neurologist.

Rooms 4 and 5, Porter Bldg. Consultation Free.

Dr. Arthur L. Payne makes no pretenses of infallibility. He is a specialist because he saw early in life that the span of this existence is too brief to allow any person to master all the mysteries of medicine or to treat successfully all the diseases that afflict the human flesh is heir to. Therefore he chose for his research, his study and his practice those that afflicted the most delicate organs—the eye, ear, throat and nervous diseases. To these he has devoted the years of his life, and in their treatment he has attained a proficiency so remarkable that the world of practitioners has given him credit for being authority in all such diseases.

Deafness Can Be Cured.

We speak within bounds when we say that 70 per cent of the deafness of the present generation is traced back to catarrh in some form or other. Dr. Payne has relieved in one treatment, permanently cured in from one to four months, cases of catarrh deafness of years existence. Remember, it is no matter how deep seated or of how long standing, any case of catarrh can be cured, either in young or aged.

Catarrh Can Be Cured.

We make no exceptions to the above statement. He can cure any case of catarrh in from one to four months' treatment, no matter how long standing, how aggravated, hyperbolic catarrh, it can be cured and we know that he can cure it.

If you have tried old methods, there is no reason why you should not try Dr. Payne, for he can positively guarantee that his methods are new and that they have not been in the shadows of oblivion the old and inefficient methods. His treatment for catarrh and deafness reaches every sore spot from the orifice of the nose to the deepest part of the lungs and to the innermost recesses of the middle ear. Instead of irritating it soothes, quiets, heals and cures.

Ringing Noises in the Ears.

Many thousands of people are annoyed with ringing noises in the ears. If you are deaf from any causes that are incurable he will tell you so in five minutes spent in examination. It costs you nothing to get his opinion. If you can't receive benefit by his new method of treatment he will tell you so. Bear in mind that it is not treatment alone that produces changes in the ear, but oftentimes the result of some ordinary ailment that can be reached by his treatment and cure in a short space of time.

Nervous Diseases Cured.

Among the most pitiable persons on earth are those afflicted with diseases such as chorea (St. Vitus Dance), neural irritation, hysteria, and associate diseases. Women afflicted with nervous troubles often go through life spending weeks and even months at a time confined to their beds when if properly treated and cared for they should have a life of enjoyment instead of one of illness. These cases can be cured by Dr. Payne's improved method of treatment.

Diseases of the Eye.

No Oculist has been more successful in the treatment of that delicate organ, "The Eye," than Dr. Arthur L. Payne. His treatment for granulated lids, scum over the eyes, inflammation of the optic nerve, weak eyes, withers, has given universal satisfaction. His superior skill in operative work upon the eye in itself bespeaks success.

Ironworkers Decline to Stand a Cut of 10 Per Cent in Wages.

BELLARE, O., April 10.—The 300 or more men living in this city, who are employed in the Riverside Iron and Steel works here, have received notice that the new scale of wages would go into effect April 20, which means a reduction of 10 per cent and which has been refused.

The notice also said that unless the men accept the reduction their places will be filled with other men.

Colonel Thomas Arrested at Dayton.

DAYTON, O., April 10.—Colonel J. B. Thomas, governor of the Soldiers' home, has been arrested, charged with violating a state law by serving oleomargarine at that institution without displaying a placard stating the fact. It will be a test case, as it is a question whether the law can be enforced in the home, which is a United States reservation. He will have a hearing on Tuesday.

Because He Flagged a Train.

RAVENNA, O., April 10.—Carl Turk has been arrested here, charged with having flagged a Cleveland and Pittsburgh railway freight train several miles out of town. He said that he supposed that it was all right to stop the train, as he had the price to pay for the ride. Mayor Cole bound him over to common pleas court in the sum of \$100.

Lieutenant Governor Jones a Candidate.

YOUNGSTOWN, O., April 10.—Lieutenant Governor A. W. Jones has announced that he will be a candidate for reelection. When told about the possibility of Mayor McKisson of Cleveland being a candidate, he said he knew all about that, but gave it no more attention.

The Wheat Market Takes a Drop—Speculation in Wool Checked by the Retroactive Clause of the Tariff Bill—The Iron Industry Hampered.

NEW YORK, April 10.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, says: Out of 4,006 failures, with liabilities of \$60,752,561, in the first quarter, 74 banking failures covered more than a fifth of the amount, \$12,744,650, and 3,345 failures with liabilities of \$35,947,892, or nearly three-fifths, are classified this week according to branches of business, leaving only 587 failures and less than a fifth of the liabilities, \$13,000,019, in branches of manufacture or trade not specified.

Only 2 of the 13 manufacturing classes and only 4 of the 13 trading classes show liabilities for the quarter larger than last year, and only 5 manufacturing and 3 trading show larger average liabilities. For the month of March only 3 manufacturing and 4 trading classes show larger amounts than last year, and only 2 manufacturing and 5 trading show a larger average of liabilities. In almost every class, also, it is shown that the increase is due to one or two exceptionally large failures in that class. The returns, compared with those of three previous years, discloses much improvement already and a bright prospect for more hereafter.

A sudden collapse in the wheat market, exceeding three cents in a day, appears to have no other cause than a belated perception that past acceptance and estimates of yield of consumption, official and other, have been misleading. Floods and other unfavorable weather for seeding have no weight. Expectation of great scarcity and high prices burst like a bubble, and for a time the only support was the taking of profits by speculators for a fall. Receipts have not warranted hopes of a great advantage, nor do they now warrant much expectation of decline. Western receipts are smaller than last year and Atlantic exports not large, though over 60 per cent larger than a year ago. Corn receipts continue heavy and exports for the week were 3,323,337 bushels, against 1,142,710 last year, and against Atlantic exports of wheat amounting, flour included, to only 1,521,122 bushels, against 967,553 bushels last year.

Speculation in wool has been checked by the possibility that duties may take effect April 1, and some large shipments from abroad have been countermanded, while traders here are less disposed to sell. But trading between dealers makes up more than half the sales of \$12,739,400 pounds for the week, and since sales in six weeks at three markets have been 76,464,600 pounds, it is not improbable that many mills have, as is claimed, a full year's supply. The demand for men's goods has diminished, the first round of purchases having been completed by many buyers, with results fairly encouraging and the demand for dressgoods, especially of the lower grades, has caused an advance of 5 per cent in some lines.

The iron industry is hampered by the contest between Mesaba ore interests, which prevents as yet any settlement of ore prices and leads many to expect further decline in finished products. The Illinois steelworks, the Lake Erie works at Cleveland and the works of Oliver & Co. and Byers & Co. at Pittsburgh are stopped by labor difficulties, and some furnaces have stopped because the production of pig had outrun the demand for finished products and heavy stocks remained unsold. Bessemer pig, at Pittsburgh, brings only \$10 and Grey forge only \$8.75, the lowest on record, but no quotable decline is seen in finished products, and nails are strong.

BRYAN'S VISIT TO FLORIDA.

Spoke to Crowds on His Way to the Capital—Addressed Legislators. TALLAHASSEE, Fla., April 10.—William J. Bryan spoke at Lake City, Live Oak and Lloyds, where he was greeted by big crowds, on his way here. Upon his arrival he was met by a committee of the legislature and city officials. When asked if he felt any serious effects from his accident Mr. Bryan said: "I am all right, but I was considerably shaken up and my chest and legs are very painful."

A platform for last evening's address had been erected in Lewis park, and Mr. Bryan spoke there at 8 o'clock to 1,000 people, after a formal welcome to the city by Mayor Shine and an introduction by Senator Shipley. He disclaimed any intention to influence the pending senatorial contest in the legislature.

After the speech a reception was held at the Leon hotel. Mr. Bryan left at 2:45 a. m. for Jacksonville, where he is to speak tonight.

TO SEND AID TO INDIA

Secretary Long Takes Steps to Execute the Will of Congress.

WASHINGTON, April 10.—In execution of the act of congress authorizing the secretary of the navy to transport contributions for the relief of the suffering poor of India, Secretary Long has taken steps immediately to procure a ship or steamer from the merchant marine. No naval vessel is available for this purpose, so the choice will be made from American merchant ships, a number of which have been offered to the department at reasonable rates.

The naval pay officer at New York has been instructed to obtain, in the manner usual in seeking proposals for supplies to be purchased in the open market, bids for furnishing such a ship, subject to the approval of the commandant of the New York navy yard.

General Fullerton's Body Found.

OAKLAND, Md., April 10.—The body of General Joseph S. Fullerton of St. Louis has been found in the river eight miles below the scene of the Oakland wreck, in which he was killed about three weeks ago.

And the greatest opportunity ever offered you to buy CLOTHING, HATS, CAPS AND FURNISHING GOODS AT A LESS PRICE THAN MANUFACTURER'S PRICE WILL BE PAST.

We have had a wonderful sale. It has been beyond our expectations. We had a large and well selected stock. People appreciated the opportunity to buy goods at a sacrifice price.

We have unpacked our Spring and Summer goods, and are now

Ready to offer you the greatest bargains ever offered in this city, as we desire to close all out quickly.

We want to say to all buyers, Come Soon,

As in a very short time the store will pass from our hands to those who will conduct the business; but until such time as they are ready for the stock, we will continue the sale at sacrifice prices. All must go,

The Cost of Goods not taken in consideration,

As all must be disposed of.

Keep in mind We are offering you nice fresh, stylish garments, and at

A Price Less than any store in this city could buy them.

So we say again, COME QUICK!

We have a large force for Saturday, so all may be waited on promptly.

LOCAL BREVITIES.

Palm Sunday will be observed at St. Aloysius church tomorrow.

Mrs. Sullivan, an aged resident of Chester, is very ill at his home.

Captain Pusey, of the ferryboat, is quite ill at his home in Fourth street.

Hugh Marshall, one of the Western Union messenger boys, is quite ill at his home.

Miss Georgie Harker yesterday afternoon entertained the Flabbergasters at her home in Cook street.

Barton Earle, father of Officer Earle, is now a resident of this city. He has moved here from Salineville.

Samuel Hancock entertained friends last evening at his home in Second street, as the result of an election bet.

The new church at Chester seems to be a go, the soliciting committee lacking but a few dollars of the coveted \$400.

Another valuable horse belonging to John Rinehart died this morning. This makes the second animal he has lost this week.

George Davidson and W. M. Hill went out on the river after ducks yesterday afternoon and got them. In a short time they shot 12.

Activity in the Knoxville oil field continues, and a number of wells will be started next week. There is more than the usual excitement.

The Cleveland and Pittsburg officials have decided to change the name of Brown's to Coston, provided the government will change the name of the postoffice.

Yesterday was another good day at the freight depot. Sixteen cars were loaded at the sheds, and 10 on the sidings. There arrived 43 cars making a total of 69 cars for the day.

It has been rumored for sometime that Charles Berg would be a candidate for mayor next spring. When seen last evening he replied that it was altogether too early to talk on the subject.

The Steubenville Gazette says that Emory Stackhouse, who was recently arrested in Canton for passing counterfeit money in this section, has been lodged in the Steubenville jail.

Deputy Grand Chancellor Adolph Joseph, of the Knights of Pythias, will leave Wednesday for Canton to attend a convention of the deputies of the Eighteenth congressional district.

In spite of the amount of talk in favor of a bicycle club made up of local riders, a well known wheelman expressed the belief last night that there would be no such organization in the city this year.

The Mormons will hold two meetings tomorrow, afternoon and evening. They will be held at the residence of Thomas Davidson, and will be in charge of George Davidson, the newly appointed elder.

The rainy weather seemed to have some effect on the number of tramps about town, and few were seen during the week. This morning no less than nine were counted on two squares in Sixth street.

R. B. Watson has decided to dispose of his property at Sixth and Broadway, and it is advertised for sale. It is among the best corners in the city, and real estate men are wondering what price it will bring.

The music committee of the Endeavor society of the First Presbyterian church met last night and organized a choir. On Easter Sunday an orchestra of 10 pieces and the choir will render the music at the society's meeting.

The river is still rising, and the rain of the past few days have so far put it up to the 13 foot mark, a rise of four feet since yesterday. It is now rising at the rate of two inches an hour. Passed down—Enterprise and Valiant. The Virginia is due down at 9 o'clock this evening.

The spring cleaning at the fire station will be finished by next week. The building has undergone a thorough change. Walls have been papered, stalls varnished, and everything has been given an improving touch. Chief Morley and his able assistants should be proud of their quarters.

The East Liverpool friends of Jacob S. Coxey, commonwealer and good roads advocate, will be interested in knowing that a determined effort was recently made to indict him for sending obscene matter through the mails. The alleged offense was an item in his paper, but the grand jury found no wrong in it.

The Epworth league of the Second M. E. church have arranged for an entertainment to be given in the church, East End, next Monday evening. An excellent program will be carried out. Don't fail to attend and take all your lady friends, as the evening will be one which you will long have occasion to think of with delight.

Water Works Trustees Have New Ideas.

LIVERY MEN MUST USE METERS

Barber Shops, Saloons and Hotels Are to Have Improved Arrangements For Wash Basins—Officers Were Elected, but They Are as Usual.

The men who control the water department decided at the meeting last night upon several new rules, the enforcement of which has much to do with people using large quantities of water.

After the old board had ordered the payment of a few bills, it died the usual death, and the new board, merely a matter of form, came to life. J. H. Harris was chosen president; J. W. Gipper, clerk; Philip Morley, superintendent, and Edward Cox his assistant. It was decided that the rules needed changing, and the action was taken which compels barber shops, saloons and hotels to put in automatic shutoffs for wash-basins or use meters, each proprietor to buy his own meter. The owners of livery stables were also ordered to put in meters, all changes to be made before June 1. Failure to comply with the rule of the board will result in the shutting off of water at once. A resolution was passed asking council to instruct the city engineer to make inquiry regarding the condition of the water mains and the expense necessary to alter or repair them, whenever he is ordered to survey and make estimates toward improving streets. The trustees did not talk about filtration beds, for the very simple reason that they do not look upon it as their business. The matter belongs to council and the board of health.

Sam DeLeon Company.

The Sam DeLeon company, recognized as the best popular price company on the road, comes to the opera house for the entire week of April 12, with Wednesday and Saturday matinees. Of this company the Saratogo Press says: "The Sam DeLeon company are at the Theatre Saratoga this week with good and increasing business. This is the first appearance of this organization here, and many of the people are excellent in their respective parts. Unlike many repertoire companies that visit us, this one has an even set of players to fill out a comedy with. They give a series of plays which are clean and no objectionable features, and the manner of their presentation was in every way admirable and found great favor with our people. Elegant costumes, perfect makeup of the different characters and good acting are characteristic of the company which secures for them deserved success."

HE DESERVES SUCCESS.

The Indications Are That He Will Have It.

In the year 1890, Messrs. Stein & Freedman opened up in business in the corner now occupied as a barber shop by Mr. Charles Berg. Mr. Stein afterwards purchasing the interest of his partner and assuming full control. At the end of two years he went into partnership with Mr. A. Solomon, the new firm opening up in the Opera House block, under the firm name of Solomon & Stein. This partnership lasted for something over three years, when a dissolution took place, Mr. Stein believing that he could best cater to the public in an establishment entirely under his own control and management. With this aim in view, he secured very handsome and commodious quarters in the new Syndicate block, Sixth street, where he today opened a superb establishment, to be known as "The People's Dry Goods Store." The new store room has been fitted up in an elegant manner, and is now stocked with a class of goods which cannot fail in winning the warm approval and commendation of the purchasing public, as the establishment will be conducted to the very letter on the basis of "quick sales and small profits," and decided bargains will be given to those who patronize "The People's Dry Goods Store."

Mr. J. Stein has made a host of friends in East Liverpool and vicinity, by and through unflinching courtesy to those with whom he has come in contact in the business world, and these friends predict for him full success in his new venture. He extends hearty thanks to those who have given him their custom in days gone by, and gives to one and all a hearty invitation to visit him in his present snug quarters, where he proposes catering to the public in a manner which cannot fail in winning warm approval. He has special bargains now on his counters, and himself and a corps of courteous clerks will take delight in waiting upon you. Don't forget the location. Syndicate block, Sixth street.

THE WORK GOES ON.

East Liverpool is Interested—It Has Much to do With the Welfare of Our People.

Never out of work. That's the case with the kidneys. Twenty-four hours to the day is the time they put in.

They're equal to it when they're well. But they get sick. Stopping positions of the body. Straining, a fall or over-exertion. Often make the kidneys sick. But the work must go on. They need a helper. They ask you for it through the back. When the back aches it's the kidneys calling for assistance. Neglect their petition and trouble follows.

Serious trouble, urinary trouble, diabetes, Bright's disease. Doan's Kidney Pills are kidney helpers.

Perfect mechanics in their line. Help the kidneys and cure their ills. Hard at it here in East Liverpool, Relieving tired kidneys, curing sick ones.

The good work goes on.

Here's some evidence of it.

Mrs. Wm. Dunn, of 192 Sixth street, says: "Doan's Kidney Pills did for me what none of the doctors could do. I suffered terribly—not only lately, but for two or three years, alternately better and worse, with severe pains across the small of my back and up my sides, particularly my right side. The pains were so severe that I was often obliged to stay in bed, not being able to get up. My limbs used to swell up so I could hardly walk, and periodically would be taken with such severe pains through the groins that I could hardly stand it. The doctors advised hot applications and gave me bottle after bottle of medicine, but I did not receive any real benefit until I procured a box of Doan's Kidney Pills at the W. & W. Pharmacy. Having seen them so highly recommended by others, I took them almost at once, and I have every confidence they will ultimately cure me."

Doan's Kidney Pills are for sale by all dealers, price 50 cents, or sent by mail for Foster-Milburn Co., Buffalo, N. Y. sole agents for the U. S.

"In Dixie Land," a new comedy drama with seven big specialty acts, Monday night. Prices 10, 20 and 30 cents. Seats now on sale.
